### THE STATE OF NEW HAMPSHIRE

---

To the inhabitants of the Town of Gilsum in the County of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Gilsum on Tuesday, the eighth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To vote by ballot on the following article: "To see if the town will vote to adopt the provisions of the Municipal Budget Act."

4. To see if the Town of Gilsum will accept any real estate or personal property devised and bequeathed to said town under the will of Emma I. Downing, late of said Gilsum for the purposes mentioned in said will, or take any action thereon.

5. To see if the town will vote to authorize the selectmen of the town to sell and convey either at public auction or private sale any real estate devised to said town under the will of Emma I. Downing, late of Gilsum, or take any action thereon.

6. To see what action the town will take in regard to real estate taken over by the town for non-payment of taxes.

7. To see what action the town will take in regard to State Aid Construction and appropriate money for same.

8. To see what action the town will take in regard to the maintenance of town roads and bridges and appropriate money for same.

9. To see what action the town will take in regard to snow removal and appropriate money for same.

10. To see what action the town will take in regard to oiling town roads and appropriate money for same.

11. To see what action the town will take in regard to street lights and appropriate money for same.

12. To see if the town will vote to appoint a committee to look after the observance of Memorial Day and appropriate money for same.

13. To see if the town will vote to authorize the selectmen to borrow money in anticipation of taxes.

14. To see if the town will vote to authorize the selectmen to borrow money, by an issue of serial notes, to pay all or part of the long term notes now outstanding.

15. To see if the town will vote to accept the reports of the town officers.

16. To see what action the town will take in regard to the Town Road Aid for Class V roads and appropriate money for same. The town must raise \$256.41 and the State will contribute \$1025.66.

17. That the selectmen be authorized to deed to Harry N. Aldrich, Administrator of the estate of Charles A. Bates, late of Gilsum, all property acquired from the said Charles A. Bates by tax sale, upon payment by the said Harry N. Aldrich to the Town of Gilsum of all taxes, costs and inter-

est to date expended by the said Town in behalf of said Charles A. Bates.

18. To transact any other business that may legally come before it.

Given under our hands and seal, this seventeenth day of February, in the year of our Lord nineteen hundred and thirty-eight.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Gilsum:

I herewith submit my annual report as Superintendent of schools.

### ORGANIZATION AND ENROLLMENT

The reconstruction at the village school is an outstanding achievement of the year. With the additional room the building affords ample accommodations for present requirements as well as for future development.

The village enrollment at the opening of school in the Fall was eighty-three pupils. The school was organized for instruction in three units as follows: Primary 31, Intermediate 27, and Advanced 25.

The new division of grades and the decrease in size of groups permits more effective instruction.

The new room is spacious and is well lighted, heated and ventilated. The sanitary toilets are a very marked improvement. The rear exit provides for the safety of pupils in case of fire.

The increase in enrollment at the West school this year has been unusual. If the situation does not adjust itself before the opening of another year it may be advisable to transfer some of the pupils to the village school.

The program of standard and diagnostic tests, as outlined in previous reports, will be continued. These test together with the remedial instruction designed to correct

deficiencies in the fundamental processes have become established as an important part of our instructional procedure.

The quality of instruction in the schools of the district is of a high standard. The teachers are well qualified by education and professional training and they are interested in the welfare of the pupils as well as in the work of the school.

Reading is the most important single subject of the elementary school and it is the basis for the successful development of the other fundamentals.

Investigation has revealed that many children fail in new subjects principally because of their inability to read with understanding in these subjects.

It is now recognized that intelligent reading in such specialized subjects as mathematics, science, history and geography may be developed by gradually building up a vocabulary and establishing simple fundamental concepts. This is the aim in much of the newer reading material which is supplied in the elementary grades.

The school alone cannot carry the full responsibility for the education of children. Education consists principally of mental growth and social adjustment. The mere accumulation of knowledge is only one phase of education. Much more important is the modification in behavior tendencies and the proper adaptation of the individual to social and civic situations. There are many factors, agencies, and influences affecting the life of the child and these combined influences over a comparatively brief period of time determine the character and stamina of the individual. It is our responsibility as teachers and parents to encourage those influences which are desirable and to discourage any factors or agencies which may be detrimental to the interests of our children.

The two institutions of outstanding importance in the

education of the child are the home and the school. Each must have an understanding and a sympathy with the work of the other. The basis of this cooperation is an understanding of each others problems. Misunderstandings frequently occur because of a difference in point of view. The parent very naturally regards his child as an individual and singles him out for preferred treatment. The teacher, however, must regard each child as a member of the school who must learn to adjust himself socially and to subordinate his interests to those of the group.

#### HEALTH

The routine inspection of each pupil's scalp, hair, skin, teeth, throat and general hygiene began with the opening of the school year.

The Growth and Weight Chart with the periodic weighing and height record furnishes incentive to practice rules which are simple but most important for health and normal growth.

The annual examination was completed in December and the following defects were found:

Pupils examined .....	101
Underweight 10% .....	22
Defective vision .....	6
Defective teeth .....	44
Defective breathing .....	1

Diseased tonsils .....	7
Enlarged glands .....	2
Corrections:	
Diseased tonsils .....	7
Defective teeth .....	3
Scabies .....	1
Impetigo .....	3
Pediculosis .....	1

Plans are being made for a school dental clinic in the near future. It is hoped that all pupils needing work done will take advantage of this opportunity to have their teeth cared for.

Cod liver oil was furnished to those who needed it, during the winter months.

First aid kits were refilled.

Visits made by the nurse were as follows: School 81, home 39, official 11, welfare 11, hospital 7, and business calls 11.

Pupils accompanied to the tuberculosis clinic at Keene 7.

Pupils accompanied to the dentist clinic at Keene 4.

Pupils treated in school for sores 9.

Days allotted as per annual schedule 29.

Days worked by the nurse 30.

Miss Harris wishes to thank the members of the school board, teachers, parents, pupils, and all others for their support and co-operation in the health work.

#### STATISTICAL REPORT, 1936-1937

Total registration .....	115
Average membership .....	106.35
Percentage of attendance .....	92.99
Cases of tardiness .....	130
Visits by superintendent .....	92

Number of pupils not absent or tardy .....	5
Visits by citizens and others .....	119
Half days schools were in session .....	354

There was a slight increase in the total registration and a marked increase in the average membership of the schools. The number of cases of tardiness has increased. A study of the school registers indicates that many of these cases may have been avoided. We earnestly solicit the co-operation of parents in our efforts to improve the tardiness record. It is very desirable that children be impressed with the importance of forming habits of punctuality when they are young.

#### HONOR ROLL

James Britton	Ruth Fisk
Evelyn Fisk	Forrest Karr
Margaret Whipple	

The various contributions by the Grange and by individuals which have been made to the schools during the year are much appreciated.

I wish to express my appreciation of the co-operation which I have received during the year from the members of the School Board, teachers, parents, and pupils.

Respectfully submitted,

CHARLES D. DALZELL,  
Superintendent of Schools
